March 13, 2020

The IEEE, PCA and Local Organizing Committee continues to closely monitor the situation regarding the Coronavirus and its potential impact on the upcoming 2020 IEEE-IAS/PCA Cement Industry Technical Conference.

Currently the conference is still moving ahead as scheduled. We will continue to update the conference website and do our best to keep you informed of any changes as this dynamic situation continues to evolve.

The safety and well-being of the conference participants is our priority. We will continue to monitor travel advisories issued by the World Health Organization (WHO) and the Centers for Disease Control (CDC) and work with our local venue partners to remain current on the preparedness to deal with any needs for the conference and attendees.

We are also monitoring both federal and local governmental actions that could impact the conference.

If you have any questions or need additional information, please email me for further details.

Brett Lindsay

Local Organizing Committee Chair
2020 IEEE-IAS/PCA Cement Industry Technical Conference
